1. Three thousand residents were evacuated from Mangalia during March-April 1952. This evacuation is still being carried out. Meanwhile there has been a large influx of Rumanian military personnel and laborers. Work has been speeded up on the Naval base at Lake Mangalia. Military barracks and pillboxes are under construction within the town and environs.
2. A wooden fence five meters high has been constructed along the coast line stretching from Agigea to Mangalia. It is believed that this wooden fence is concealing coastal construction projects.
